

LR DAV PUBLIC SCHOOL, GANDARPUR, CUTTACK-03

AN APPEAL

Dear Parents

Lockdown 4.0 is continuing and by the Divine Grace we are safe so far. Eventually we have grown up listening to the stories written by COVID-19. During the ensuing pandemic and subsequent lock-down, making use of the digital platform for keeping students abreast with academic calendar is wholeheartedly appreciated by you. We acknowledge your gesture, and co-operation.

The situation prevailing has made our jobs even tougher. Unwavering efforts to take online classes held structurally following a proper timetable, assignments and interaction with parents kept the teachers occupied even during non-school hours. Adhering to the instructions of lockdown, the administration is also in full functioning during these days to provide guidelines. In fact, the entire school mechanism is in full swing. In these circumstances, we should strive to be caring towards the school employees who are on their toes to design and chalk out strategies how to make the academic year viable for your wards.

In this tough time, I appeal to your noble gesture to be genuine to your spirit and kindly release the school fees of our ward/s, who can afford to pay, so that it would give a push and mitigate our deficit economy to provide buoyancy. For your information, the school has paid only 50 % of the salary of the staff for the month of April due to scarcity of fund just to maintain their family. We have assured the staff to pay the rest amount when the school is financially sound.

If such deficit persists, it may be difficult, even to continue to pay 50 % of monthly salary to the staff in future also. Therefore you are earnestly requested to pay the quarterly school fee, if affordable on your part without waiting till session ends.

We can win over corona virus only through solid and sensible bonds of fraternal ties among ourselves. Expecting a very sympathetic action and approach from all of you.

Stay home, Stay safe.

Regards

PRINCIPAL
